

DA 175/1100

IML
MACHINERY

Incollatrice Manuale

Incollatrice manuale per colla a caldo e freddo per carta ed altri materiali per grammature tra 80 e 500gr. Sono disponibili accessori per trattare i materiali fino a 5mm di spessore. Macchina disponibile in 3 versioni:

- DA 175 F per colle a freddo
- DA 175 C per colle a caldo e a freddo
- DA 175 C + DA 100 per colle a caldo e a freddo completa di viscosimetro (aria compressa, tubo rilsan Ø12 mm, 300 NL)

Manual gluing machine

This machine is a manual hot cold gluing unit for paper and others materials, between 80 and 500 grsm. Additional equipment available for feeding of thicker products up to 5 mm thickness. The machine is available in 3 version:

- DA 175 F for use with cold glue only
- DA 175 C for use with hot and cold glue
- DA 175 C + DA 100 as above including viscosity controll unit (air intake, pipe rilsan Ø 12 mm, compressed air 300 NL)

Dimensioni / Dimensions **DA 175**
Dimensioni / Dimensions **DA 1100**

Lung. 1300 x P 800 x H 1200
Lung. 1550 x P 800 x H 1200

Peso / Weight 220 Kg.
Peso / Weight 250 Kg.

OPTIONAL

- Vasca riscaldamento colla con pompa pneumatica e controllo della viscosità automatica.

- Voltaggio: 400 Volt trifase + neutro o 220 Volt monofase
- Luce: 75 - 110 Cm
- Materiale utilizzato: Carta, Tela, Balacron, PVC.
- Colla: Vinilica - Animale.
- Potenza: Kw a freddo 1 ÷ 5 a caldo

OPTIONAL

- Heating glue tank water-heated with pneumatic pump and automatic viscosity control

- Voltage: 400 Volt 3 phase + N or 220 Volt single phase
- Width: 75 - 110 Cm
- Used Material: Paper, Cloth, PVC and others.
- Gluing: Cold glues and Hot animal.
- Power: Kw cold 1 ÷ 5 hot

* Production capacity of every machine depends on sizes, type of materials, glues and operator skill
